### JUDGE SAMPSON'S STATEMENT

BARBOURVILLE, KY.,  
Feb. 18, 1911.

DEAR FRIENDS:—

I want you to read every word of this letter. Mr. Black started his campaign by praising himself to the skies and telling us what a very good man he is, and every time he makes a speech he reminds us of his many virtues. At the same time he has been telling what a bad man I am and telling the people that Barbourville was for him for Judge. Mr. Black has at least three relatives in Barbourville to my one. Yet at Williamsburg, about three weeks ago, I dared W. R. Black to submit this contest to the people of Barbourville. I repeated this challenge at a number of places and W. R. Black would not dare to accept it. About two weeks ago, at Peace's store, in Whitley county, Mr. Black said he would leave the matter to "Tammany Precinct", in Barbourville, and I promptly agreed, but before the agreement could be reduced to writing Mr. Black backed out.

This matter went on until Mr. Black had his unpleasant experiences at Corbin and Wilton with the voters, and until we met to speak at Artemus, Ky. and he found the people against him. Mr. Black then said he had decided to leave it to "Tammany Precinct". We have found out that during the several days before Black made this proposition, he was trying to "fix" this precinct, and had sent as far as Oklahoma for a fellow to vote. But he found out that the Republicans of this precinct are honest men. I promptly accepted, although I wanted the people in both counties to vote in this election. I know that the Republicans of this precinct were for me, and I believed W. R. Black was bluffing. We entered into a written agreement to let the Republicans vote on this question on Saturday, February 18, 1911. I wanted Mr. Black to let the Republicans in this precinct to line up in two lines, his friends in one line and my friends in the other line, and then every person could see and know that Republicans were taking part, but W. R. Black insisted on a secret ballot. He knew the people had pledged me their support and were for me. He thought he could buy enough votes with the railroad and corporation boudin and whisky behind him to beat me out of the nomination, but

Mr. Black found that this precinct is not for sale. This precinct is the largest Democratic precinct in the County. The Democrats in this precinct are for Black, and that is another reason why he wanted to leave this matter to this precinct. Black wanted to vote the Democrats.

We tried to hold the election, but Black began to object to everything from the beginning. The officers selected by Black would not agree to act as judge and clerk of the election, but insisted that they act as judge and sheriff. The judge and sheriff are the officers who decide who are entitled to vote. If the judge and sheriff had been selected by Mr. Black, it would have been in their power to have permitted every Democrat in the precinct to have cast his vote for Black, and I would have been powerless in the courts or otherwise to have gotten redress for the wrong.

Finally, Mr. Hampton, the Republican precinct Chairman, directed what office each election officer should fill, but Mr. Black's men would not act, and then Mr. Hampton went to Mr. Black and told him to name any two Republicans he wanted and he would have Judge Sampson agree to it, but Mr. Black would not agree to this. Finally, someone proposed that Mr. Hampton, the Republican precinct Chairman, appoint four honest Republicans of the precinct to be the officers to hold the election. I at once agreed to this, but Mr. Black would not agree. Mr. Black was asked if he had any suggestion in regard to settling the matter and proceeding with the election and he said he would not make any suggestion.

It was very plain to every fair-minded man present that Black was caught in his own trap. He could not buy the precinct and he saw the people were against him and he did not want the election held at all.

The largest number of Republican votes ever cast in this precinct was about 166, and after Mr. Black backed out about 128 Republicans of this precinct voluntarily signed a written statement that they were Republicans and had come to Barbourville on the day fixed to hold the election to vote for me.

The statement signed by them is as follows:

"BARBOURVILLE, KY.,  
Feb. 18, 1911.  
We, the undersigned, legal and qualified voters of "Tammany" precinct, or ward No. 3, who are on this day known as Republicans and qualified to vote in said precinct on today, state that we came to the voting precinct on today to cast our vote for F. D. Sampson, but were prevented from casting our vote for our choice for Circuit Judge in this District, because the election officers selected by W. R. Black declined to open the ballot box or to let said election be held, and we take this method to express our choice for Judge Sampson, and we are for him because he is an able lawyer, a good citizen, an honest man and a true-blue Republican."

I can show the statement with all these Republicans' names signed to it, and I have the affidavits of good Republicans to back up my statements.

Mr. Black cannot fool us any more. He can object and dodge about until March 25th; then he must submit his claim to the people. I gladly submit my claims to all the people, with all of Black's false charges and false affidavits, gotten up by his law partners and corporation henchmen. The people are for me. I wish every voter in the District could have been present in Barbourville on February 18th, and have seen what an active hand the L. & N. R. Co.'s lawyers and officials were taking in this matter for W. R. Black. The law agent for the Cumberland Valley and Knoxville division of the L. & N. was one of the first men on the election ground and remained there until the L. & N.'s candidate through the officers of the election, chosen by him, had thwarted the will of most of the Republican voters of the precinct. I do not know how to express my thanks to you and thousands of other good friends who are standing by me so loyally and who have won this race for me. We have the race won. All we need to do is to stand pat and go to the polls on March 25th.

Read the affidavits in the papers and see how B. B. Golden got these affidavits against me. Will my friends and the good people be fooled by the affidavits procured with money and whisky by B. B. Golden, the railroad lawyer, and W. R. Black's law partner. That election was not of my choosing. I wanted to leave it to the entire district. (I did agree to leave the result to Barbourville to show which was regarded as the best man for the position when W. R. Black made the statement that I was such a bad man and the people at home were lining up for him.) But Black had, through some of his henchmen, made a canvass of that precinct and reached the conclusion that they could, by the use of money and whiskey, control the precinct, provided they could get their plans to work to let the Democrats vote. When they failed in that, Black backed square down from his own proposition and is now trying to say that I was responsible for the calling of that election, but those of my friends who were directly connected with the transaction know that such is not the truth.

I expect to see you soon. I want to especially thank this grand band of true Republicans of Tammany precinct who have been and are now standing by me and giving me their splendid support. I again desire to thank all of my friends for what they have done and are doing for me.

The way to win a race is to fight it into the last ditch. I am expecting my friends to keep up the battle until the polls close on the 25th day of March, when victory will be ours.

Very truly yours,  
F. D. SAMPSON.

## THAT LAW SUIT

Judge F. D. Sampson Issues a Statement Setting  
Forth the Facts Concerning that Law Suit,  
And Explains W. R. Black's Conduct  
In the Matter.

To the people of the 34th Judicial District

I desire to make a statement for the benefit of those persons who are not personally acquainted with me. If Mr. Black's false charges and false affidavits would reach my acquaintances, I should not take my time to do the thing my friends are doing for me. Persons who have not yet heard of me for one minute these propertious charges.

The charge that is urged most strongly against me by W. R. Black is that I was the agent and attorney of the R. O. Campbell Coal Company in the purchase of the mineral and timber rights of certain lands in Knox County, and that I paid for the same out of the company's funds.

You will find that the foundation of this charge is that I was the agent and attorney for this company. It is a fact that I was not the agent and attorney of this company in the purchase of these mineral and timber rights. These charges are false and untrue. I say to you that I was not the agent or attorney of this company in the purchase of these mineral and timber rights, and these statements by W. R. Black, J. N. Sharp and this corporation are not true and are false to the people of this district.

In the process of time I bought a great many of the mineral and timber rights of the R. O. Campbell Coal Mining Company. I had any talk with the members of this company, but I sold them any of the mineral and timber rights. I charged a lot of said lands for mineral and timber rights made to me by my own men and I paid my money for them and have now sold the same to me to pay for same. I did not do the deed put on record in the County Court Clerk's office of Knox County and these deeds can be examined by any person who desires to do so. Now, if I was the agent and attorney of the R. O. Campbell Coal Mining Company, and were having the same done as W. R. Black has done, I should not have had all these deeds made in my name and I should not have any name in the deed.

Now, if I was the agent and attorney of the R. O. Campbell Coal Mining Company, I should not have sold the mineral and timber rights to the R. O. Campbell Coal Mining Company. My own men have sold the same, which are on record in the County Court Clerk's office of Knox County.

Now, if I was the agent and attorney of the R. O. Campbell Coal Mining Company, I should not have sold the mineral and timber rights to the R. O. Campbell Coal Mining Company. My own men have sold the same, which are on record in the County Court Clerk's office of Knox County.

If I had only been the agent and attorney of the R. O. Campbell Coal Mining Company, I should not have sold the mineral and timber rights to the R. O. Campbell Coal Mining Company. My own men have sold the same, which are on record in the County Court Clerk's office of Knox County.

I did not make this deed to R. O. Campbell Mining Company for about three years after I had bought some of these mineral and timber rights and had deeds for them in my own name on record. I bought these lands at the prices agreed on between the owners and myself, and then sold part of them to this company for \$4.00 per acre, to be according to the boundaries claimed by me. There was to be no survey, and after I sold some of these mineral rights to this company my wife and myself made the company a general warranty deed. This trade with this company was in good faith, honorable and all right, and I am able and willing to back it up, and there would now be no complaint if it were not for this political race.

J. N. Sharp, who is the Attorney for a large number of corporations, and other corporations and their lawyers and their candidate, W. R. Black, stirred up this matter for political purposes, and you will find out that nothing will come from this suit. It is a false and corrupt charge, and will be exposed if it ever comes to trial. The R. O. Campbell Coal Company is interested in this Judge's race as it owns and operates two or three large mines in Whitley county and J. N. Sharp is their Attorney. If I were J. N. Sharp I would wait until the stench got out of the people's nostrils from his odious conduct before I got into another false and corrupt matter in an effort to put a corporation lawyer on the bench.

Of course I want to submit my claims to all the people of the District but I have told the corporation lawyers and their henchmen and their candidate, W. R. Black, that I was willing to submit the question to the people of Barbourville among whom we have both lived for years and where W. R. Black has three times as many kinsmen as myself. A few days ago when I tried to get a vote between W. R. Black and myself in Tammany precinct, W. R. Black prevented the election. We got signed statements from at least three-fourths of the voters who said they are and were for me. He will not do this and will not let this election be held. His home people are against him mainly for three reasons: one is they believe he has made these false charges and procured these affidavits against me, another, he is believed to be under the absolute control of B. B. Golden and James D. Black, the Attorneys for the L. & N. Railroad Company, another, Large corporation; and another is, W. R. Black is believed to be the member of the corporations and against the people and is the captain of the corporations and if he is elected the people will not get a fair deal, but the court will be run in the interest of the corporations and the friends of B. B. Golden and James D. Black.

STATE OF KENTUCKY,  
COUNTY OF KNOX.

We, the undersigned, each for himself and for himself, as the case may be, state on oath that we sold to Judge F. D. Sampson mineral and timber rights and rights-of-way on Standing Creek, in Knox County; that we each for himself agreed upon the number of acres and received full pay for all the acres of mineral we sold him and the full price per acre given upon. The said mineral rights are many miles from any railroad and we thought that we were getting a fair price for same.

JUDGE SAMPSON DID NOT SWINDLE OR FRAUD US, OR HAVE ANY PURPOSE OR INTENTION TO DO SO. We agreed upon the number of acres and the price, and he paid each of us all that he agreed to pay. We sold the said mineral rights to Judge Sampson and made the deeds accordingly to our several contracts with him. The R. O. Campbell Coal Mining Co. nor the R. O. Campbell Coal Mining Co. was not mentioned in the transaction. We made deeds to Judge Sampson. We had nothing to do with his selling the land to any company. First was a matter between Judge Sampson and the other party. We got what we agreed to take. WE DID NOT HEAR OF ANY TRICK, BEE OR COMPLAINT UNTIL B. B. GOLDEN, ATTY., CAME IN ORDER COMMUNITY A FEW DAYS AGO. And we also desire, each one for himself, to state that it is our opinion that the AFFIDAVITS OF A. V. MILLS AND OTHERS WILL

Now in conclusion I desire to say that every man from whom I bought

mineral and timber rights received every cent I agreed to pay him and the deeds were made to me and put on record in my name and the R. O. Campbell Coal Mining Company had nothing to do with it. I sold a part of these mineral rights to R. O. Campbell Coal Mining Company, made them a general warranty deed and they got all they bought and paid for and I am able and will stand behind and defend the deed I made them. All there is in it I bought this land and sold a part of it at a profit. Ask W. R. Black if he has not done the same thing on Brush Creek.

I now have in my possession affidavits from some of the persons whose affidavits are being published in the papers by W. R. Black and who swear that B. B. Golden got them intoxicated and paid them money to get the affidavits, and they did not know what they were signing, and others have given affidavits, stating that B. B. Golden had offered them money to make affidavits against me. T. S. B. Golden is the same Golden who helped to get up evidence against Caleb Powers and helped to procure the Powers, and is W. R. Black's law partner. Golden is very handy at getting up false charges. I shall talk to you more fully in regard to these matters when I get to your neighborhood.

Respectfully yours,  
F. D. SAMPSON.

Now, read what a lot of honest citizens sworn in regard to this land title and B. B. Golden.

(Continued from First Page)

NOT EFFECT JUDGE SAMPSON'S LAW SUIT UNLESS IT WILL MAKE THE PEOPLE IN THIS END OF THE COUNTY STRONGER FOR JUDGE SAMPSON. We know Judge Sampson as a man and as a lawyer. We know the other parties. IT IS OUR HONEST OPINION THAT JUDGE SAMPSON HAS A LARGE MAJORITY OF THE VOTES IN THIS END OF THE COUNTY. It will require more than these affidavits to shake our confidence in Judge Sampson. We are not sure that more land now can be bought in our end of the county at the same price Judge Sampson is asking.

## THE WILLIAMSBURG SPEAKING.

After backing down from his own proposition here on Saturday, W. R. Black went to Williamsburg on the following Monday, and in a public speech there tried to place the responsibility of the Tammany precinct primary on Sampson, and even charged that Sampson had backed down from the proposition and dodged about from one thing to another and gave the audience a regular school-boy reading lesson. He had with him a few paid henchmen and hired Democrats to try to inject a little enthusiasm in his speech, but it had but little effect.

The agreement was made before the speaking began that Sampson was to speak first and that they were not to engage in any mud-slinging. Sampson made a very strong address, leaving out all abuse, and confining himself to facts, explained everything entirely satisfactory to the voters, and it was conceded by all that fully two-thirds of the voters present were for Sampson.

Since then, we learn that Black and his followers have been searching for another candidate to take his place, and proposing to retire and use what influence he has in trying to defeat Sampson with some other man. This of itself is an admission upon their part that Black can not win and that Sampson has him beaten to a frazzle, and he is now looking for a chance to shift the burden from his shoulders to those of another.

Sampson has been speaking all the week in Whitley county and is making good impressions wherever he goes, and reports

keep coming in from Whitley that they expect to roll up a larger majority for Sampson over there than Knox will give him, and it is now up to us to see to it that Sampson's majority be up in the thousands in Knox, or we may be outstripped by Whitley. There is no thinking person who is posted but that will admit, if they admit the truth, that Sampson will poll a large majority in each of the counties, and we hear it from very reliable authority that there is not a precinct in Knox that will poll a majority for Black.

Sampson is an easy winner and his friends are backing him good and strong.

Last Friday morning, at 10 o'clock, in the presence of a small crowd, at the home of Mr. William Profitt, Miss Nanna Helton, age seventeen, daughter of Mr. and Mrs. W. J. Helton, and George Moore, age forty-one, both of this place, were quietly married. Mr. Moore is a prosperous young man, while the bride is quite popular wherever known. We wish for them many years of wedded life, and may they always be as happy as they were on the above date.

Miss Ellen Terrell, daughter of Mr. and Mrs. Gillis Terrell, died last Tuesday morning, after an illness of several months of that fatal disease, consumption. She was a member of the Baptist church, and lived so as to be ready for her departure from this world in the full faith of her Saviour's promise of a home in Heaven, where no sorrow nor suffering exists. Her remains were laid to rest in the Warfield cemetery. Many friends of the sorrowing family were present, and as they looked on the sweet, placid face in the casket their hearts swelled in sympathy for the bereaved ones. But let us not look on her as dead, but living.

"Ellen has gone to live with Jesus,

She has passed beyond the blue;

With the sunlight of the angels, In her face and manner, too.

Farewell, for awhile; we'll meet You again,

In the land that is free from all sorrow and pain.

Your earthly cross you have now laid down,

Received your reward and wearing the crown.

Your troubles on earth are now at an end,

Jesus and Savior is your best friend;

You have heard the boatman dipping his oar, He has rowed you safe to the golden shore.

Altho' we miss your presence here,

We would not have you back in this world of care;

We know that our loss is only your gain,

You have gone where Jesus will ever reign.

Then, when we to death's river glide,

The boatman will row us across the tide;

You'll be watching for us on the golden shore,

And there we will meet to part no more.

## A. Y. MILLS

The Star Witness for W. R. Black, Keeper of Blind Tiger

Who is this A. Y. Mills who is the star witness for W. R. Black and who is going about with W. R. Black?

In the first place, he is one of the rankest Democrats in the county. In the second place, he has been running a blind tiger on Stinking Creek. He has been indicted and convicted, on many charges for selling whiskey, in the Knox Circuit Court. We are informed that B. B. Golden procured his affidavit. But how? Read what the people on Stinking Creek say as to how Golden got affidavits. This same Mills was made to admit at Corbin and Wilton in the presence of hundreds of people that Sampson had paid him all he agreed to pay him. Did you know that the R. O. Campbell Coal Mining Co. did not buy the Mills land. This same Mills transferred this land to his children to beat his creditors and he did not own any of the land when it was sold to Sampson. And again, Judge Sampson is not the man who took the deed from Mills.

W. R. Black made a light for the Democratic Party in Knox county in 1896. He is now partners in the newspaper business with the Chairman of the Democratic party of Knox county and is now running about with this man Mills, a Blind Tiger man and a Democrat.

For the benefit of the public the L. & N. R. R. Co. is offering one-way 2nd class colonist fares to California for \$40.38, Oregon \$43.38, Utah \$40.38, Wyoming \$40.38 and Washington \$43.38. In effect March 10th to April 10, 1911. J. A. Owens, Agt.

### Poultry Breeding

How to Choose a Breed, Mate and Rear Fowls That Will Give Largest Net Returns  
By PROF. J. G. HALPIN  
Wisconsin College of Agriculture

Copyright, 1920, by Western Newspaper Union

The universal question of the farmer interested in poultry is "What breed will prove most profitable for general farm purposes?" He incessantly besieges the poultry fancier, editors of poultry journals and similar authorities on chickens with this query. It is impossible to answer this question in the way the farmer desires. He expects a particular breed to be named outright and characterized as the premier money-maker in the varieties.

Due to the great similarity existing in the breeds, extreme variations in local conditions exist. As a result of individual peculiarities and differences of the owners of the flocks, no one breed can be named as the most profitable for all farm purposes.

In general, the dual purpose breeds, capable of both meat and egg production, are best adapted to farm conditions. Specialized varieties are impractical for the general farm, as they require too much attention and care. The farmer needs a bird with much

in some brush pile nest wherein the chicks are hatched. Another hen will produce 150 eggs annually under the proper conditions of housing and care. From which of these settings of eggs should one select the stock with which to replenish the breeding pens? Too often the choice is made of the inferior brush pile-reared roughers concerning whose egg-producing qualities and prolificacy the farmer knows little.

Always breed from the hens which lay the best in the fall as they best serve this purpose. Never save eggs for setting from a sluggish hen that hangs around the roost "drowsy" and sleepy and displays an inactive, lazy disposition. The habits of the hen can be studied best in the winter and this season is the proper time to select breeding stock.

Accurate and rigid selection of breeding stock should commence early. Study the flock carefully, especially as regards the laying hens which have the reddish combs and which lay around the nests. Those,
